- Assess the risks in our activities and put suitable controls in place.
- Provide the information, instruction and training our people need to work safely.
- Ensure our teams are competent, and that any contractors we use are competent.

Responsibility

Overall responsibility for health and safety rests with the directors. Managers and supervisors are responsible for putting this policy into practice in their areas. Every employee has a duty to take reasonable care of their own safety and that of others, and to follow the arrangements set out by the company.

Arrangements

We hold employer's liability and public liability insurance. We produce site specific risk assessments and method statements (RAMS) for our work, complete COSHH assessments for the substances we use, and take a competent health and safety advisor's advice. Accidents and near misses are recorded and reviewed.
